

Important Notice

Dear Debit Cardholder,

Beginning 30 June 2013, you will be required to input your 6-digit HSBC India Debit Card ATM PIN, to authenticate your purchase transactions upon usage of your HSBC India Debit Card, at merchant establishments in India. You will have to enter your HSBC India Debit Card ATM PIN on the Point of Sale (POS) swipe machine, in addition to your signing the charge slip, to complete the payment, failing which the transaction shall be declined.

To support this functionality, HSBC India is in the process of replacing your existing HSBC India Debit Card starting March 2013. The replacement card will be sent to your correspondence address as recorded with the HSBC India.

Customers who have used their debit cards internationally will be issued a new card starting June 2013.
